SJD Book Swap

SJD is going to hold a book swap in June! What is a book swap? It is a chance for students to exchange books that they have outgrown or are finished with, for new-to-them books to read over the summer.

We are asking you, SJD families, to send in any gently used books that are appropriate for ages 5-12 that you are no longer using. We will collect and sort them and, in June, we will put out the books for students to choose something new to read over the summer. All students will be welcome to choose books, regardless of whether or not they have donated any. Thank you for your support.
